Measurements:

- Highland Heather Card Base: 4-1/4" x 11", scored at 4-1/4" on the long side
- Basic White: scrap for label/greeting
- Hydrangea Hill DSP: 3-3/4" x 5" of the small hydrangea pattern; 4" x 5-1/4" light blue Pattern; 2-1/2" x 6" of small hydrangea pattern

Instructions:

1. Slip the small hydrangea pattern DSP into the bottom left corner of the clear envelope, facing up.
2. Add approximately 1-2 Tablespoons of assorted sprinkles and sequins. I also added a retired metal snowflake.
3. Close the back of the envelope by removing the plastic liner, folding the adhesive flap so that the DSP is width of the DSP is snug in the envelope.
4. Add Tear and Tape to the back edge of the excess clear envelope. Remove the liner from the Tear and Tape and adhere so the DSP is completely snug in the envelope.
5. Add more Tear and Tape to all four sides of the back of the clear envelope and adhere to the blue floral pattern DSP. Add Stampin' Dimensionals to the back of this layer and adhere to the front of the Highland Heather card base.
6. Die cut the smaller rectangle label out of Basic White and stamp the greeting using the "Friendship ..." stamp. Add the greeting layer using Stampin' Dimensionals.
7. Add Stampin' Seal adhesive to all four sides of the top of the envelope flap and lay the 2-1/2" x 6" on top of the adhesive. Turn the envelope over and trim any excess DSP using Paper Snips.
8. Add your personalized greeting to the inside of the card; stamp an envelope as desired and give to someone special in your life. Everybody needs a little love in their mailbox!
