- Expressions in Ink Specialty Designer Series Paper (155464)

Accessories

- Adhesives: Dimensionals (104430); Multipurpose Liquid Adhesive (110755); Stampin' Seal (152813)
- Expressions in Ink Ephemera Pack (155465)
- Treasured Tags Pick a Punch (154425)
- Paper Trimmer (152392)
- Pencil and Bone Folder (102300)

Measurements:

- Polished Pink Card Base: 8-1/2" x 5-1/2", scored at 4-1/4" on the long side
- Pale Papaya: 4" x 5"
- Expressions in Ink DSP: 4" x 5"
- Basic White: 3-1/4" x 3/4" for greeting

Instructions:

1. Make a light tick mark at 2-3/4" on the 5-1/2" side of the Polished Pink card base.
2. Make a tick mark at 2--1/8" on the left and right sides of the front of the card base.
3. Using your Paper Trimmer, SCORE from the tick mark in Step 1 to the outside edge of the 4-1/4" score mark (this is the top edge when your card front is closed). Score from the middle tick mark to the other outside edge of the 4-1/4" score mark. You now have a "V" shape score on the front panel of your card base.
4. Now SCORE from the 2-1/8" mark on the right side of the card front to the bottom center of the card front and then repeat on the left side as well.
5. Using your Bone Folder, crease the large "V" by folding the bottom right corner up; repeat with the left bottom corner. Fold the bottom right corner back down and crease with the Bone Folder; repeat with the bottom left corner. You should now be able to see the arrow shape!
6. Using the pencil and the grid on the Paper Trimmer again, mark the center of the long edge of the Designer Series Paper and then repeat with the piece of Pale Papaya.
7. Cut from the center tick of the Designer Series Paper piece to the right top corner (save the piece cut off) and then repeat the cut from the center tick mark to the left top corner (discard the smaller Pale Papaya triangles or use these pieces for another project).
8. Repeat Step #6 with the Pale Papaya piece (keep all the pieces as well).

9. Add Multipurpose Liquid Glue or Stampin' Seal to the back of the larger triangle of Designer Series Paper. Carefully match the shape to the front of the arrow shape before adhering down. Note this will not be an exact triangle match but you can come close and handmade cards are not meant to be exactly perfect -- enjoy the slight imperfection!
10. Match the right and left Designer Series paper triangles to the inside corner of the card base by checking the placement with the card front closed and carefully apply adhesive. This Speciality Designer Series Paper is gorgeous and well worth the wait when it periodically goes on backorder. Consider using it for Christmas, Birthday, Wedding and all sorts of occasions!
11. Add adhesive to the back of Pale Papaya large triangle and match the shape to the inside of the card base (it will only fit one way with the longest side at the top).
12. Take the Basic White piece of cardstock and punch both ends with the rounded shape of the Treasured Tags Pick a Punch. Using Polished Pink ink, stamp the word "hello" in the middle of this piece. Add adhesive to the center back of this piece and adhere one of the gold sprig/leaf shapes from the Ephemera Pack. Add dimensionals to the back of this layered piece and adhere about 1" from the center point of the arrow card front. Add an adhesive-backed sequin from the Ephemera Pack to the right and left side of the greeting banner.
13. Stamp the greeting of your choice on the inside Pale Papaya layer.
14. Add your personalized greeting to the inside of the card; stamp an envelope as desired and give to someone special in your life. Everybody needs a little love in their mailbox!
