## INK AND SPARKLE STAMPING

- ahead and cut the DSP as described ... this will remove the Top Right triangle shape as the diagonal cut is completed. (see video for further info).
4. Add a narrow amount of Stampin' Seal+ to the Left edge of the lower panel and fold up to make a pocket in the middle panel of DSP.
  5. Add Stampin' Seal+ to the back of the Middle panel of the DSP and adhere to the center of the Granny Apple Green card base.
  6. Choose a Black & White floral image 3" x 4" card from the Memories & More Card Pack and colour the flower and leaves with Stampin' Blends. (see video for tips)
  7. Adhere to the 3-1/4" x 4-1/4" panel of Pale Papaya with Stampin' Seal.
  8. Die Cut the second smallest "pointy" oval shape out of the scrap of Pale Papaya.
  9. Using Memento Black Ink, stamp the greeting of your choice from the Shaded Summer Stamp Set.
  10. Fold the piece of ribbon in half and adhere to the back of the label shape then add adhesive to the left side of the back of this piece and adhere to the right lower corner of the Memories & More card on the front of the card.
  11. Add one large Champagne Rhinestone to the center of each of the flowers.
  12. Stamp on the Basic White cardstock panel as desired and insert into the pocket of the card. A gift card would fit as well and I have Stampin' Up! gift certificates available that fit as well!
  13. Optional: cut a 2-1/2" x 6" piece of the same pattern of the DSP and adhere on top of the envelope flap. Turn upside down and use Paper Snips to trim excess.
  14. Add your personalized greeting to the inside of the card and give to someone special in your life. Everybody needs a little love in their mailbox!

Here is the other project I showed in the video that uses the same fancy fold but different patterned paper ... enjoy duplicating this project and **PLEASE** send me a picture of your project or post in our customer FaceBook group: Ink and Sparkle Stamping VIP's.
