Instructions:

1. This card project started with a card by Dawn Olshefske of dostamping.typepad.com dated March 12, 2022. I had something else in mind though, and changed a few things up to "CASE" it. CASE stands for Copy And Share Everything or as others would say, Copy And Selectively Edit". I've chosen to edit a few parts so will use that description for CASE this time.
2. Use Liquid Multipurpose Glue to adhere the 1-1/2" x 4-1/2" piece of Cinnamon Cider cardstock to the left side of the Very Vanilla piece so that there is approximately 1/8" of the Very Vanilla cardstock showing on the top, bottom and left side of this piece (see picture).

INK AND SPARKLE STAMPING

3. Adhere the 1/2" x 4-1/2" piece of Cinnamon Cider cardstock to the right side of the Very Vanilla cardstock piece, leaving approximately 1/8" border (use Liquid Multipurpose Glue).
4. Use Liquid Multipurpose Glue to adhere the 1" x 4-1/2" piece of DSP in the middle of the two Cinnamon Cider panels.
5. Use Stampin' Seal or Liquid Multipurpose Glue to adhere the 3-1/2" x 4-3/4" piece of Very Vanilla to the card front.
6. Punch 3 pieces of sprigs using the Sprig Punch and Thick Basic White cardstock.
7. To make the Pussy Willow pieces: use the Soft Suede Stampin' Write maker and add colour to the all of the stems of the sprigs as well as a cup-shape to the bottom of each leaf shape (see video on FaceBook for this if desired).
8. Add one sprig just above center on the left panel of Cinnamon Cider cardstock.
9. Stamp the greeting of your choice to one of the 2" x 3" scraps of Very Vanilla cardstock. Punch with the Tailored Tag Punch.
10. Add lots of Stampin' Seal to the back of the Very Vanilla Tailored Tag and add one sprig slightly to the right of center and the last sprig slightly to the left of center. (see picture)
11. Add the Gold Simply Elegant Trim to the back of the Tailored Tag making loops below and the right as well as above to the left (see picture).
12. Add Stampin' Dimensionals to the back of the greeting layer and adhere just below the first sprig already adhere to the left Cinnamon Cider panel.
13. Use Mini Glue Dots to add 2 Bumblebee Trinkets to the card front (see picture).
14. Add Wink of Stella to the white parts of the Pussy Willows.
15. Add Stampin' Seal or Liquid Multipurpose Glue to the outside of the envelope flap and add the 2-1/2" x 6" piece of DSP. Turn upside down and trim excess from envelope flap.
16. Add your personalized greeting and enjoy giving your card to someone special.
