INK AND SPARKLE STAMPING

4. Add Stampin' Dimensionals to the back of the Granny Apple green layer and adhere to the card front.
5. Die cut 2 long evergreen sprigs from the 5" x 3" Shaded Spruce pieces of cardstock.
6. Sparingly apply the Snowfall Accents Puff Paint to the sprigs and use the Heat Tool to puff the liquid. Set aside to cool.
7. Die cut the 3 different ornament shapes from the Gold Glimmer paper.
8. Glue one of the evergreen sprigs to the top left area of the card front so that the end of the twig is about 2-1/4" from the top left corner (see picture). Trim the end of the 2nd evergreen sprig and add to the card front as in picture.
9. Snip the hole at the top of the oval ornament and add to the evergreen sprig using Mini Glue Dots so that it looks like it's been threaded onto the twig. Add Mini Glue Dots to the back of the 2 remaining Gold Glimmer ornaments and add to the evergreen sprig as desired.
10. Add the 4" x 1-1/4" piece of DSP near the bottom of the inside of the card and add the 4" square piece of Basic White cardstock above that.
11. Add your personalized greeting to the inside of the card, Optional: Jazz up the envelope flap by gluing the 6" x 2-1/2" piece of DSP to the top of the envelope flap and trim the excess.
12. Enjoy sending or giving your beautiful project to someone special.
