INK AND SPARKLE STAMPING

5. Die cut one leaf spray from the Evening Evergreen Glimmer Paper using the large leaf from the Framed Florets die. Flip the Evening Evergreen Glimmer Paper upside down and cut a second leaf spray. This will give you a right curved leaf spray and a left curved leaf spray.
6. Die cut the bow shape from the Gold Glimmer Paper.
7. Add Stampin' Seal to the outside edges of the Snowflake Specialty Vellum and glue to the center of the Sahara Sand card front.
8. Add Mini Glue Dots to the back of the Sahara Sand rectangle frame and add on top of the Vellum layer.
9. Use Stampin' Seal to glue to the Thick Basic White oval very close to the top of the Vellum layer (inside the Sahara Sand raised rectangle).
10. Use Stampin' Seal to glue one leaf spray on either side at the bottom of the Basic White oval.
11. Add full-sized Stampin' Dimensionals to the back of the floral layer.
12. Add Mini Stampin' Dimensionals to the back of the Gold Glimmer bow and add near the bottom of the floral layer.
13. Add a stamped floral image to the envelope and add your personalized greeting. Give or send to someone special!
